OCTOBER RECAP

October certainly didn't show any signs of the season slowing down at Silo Ridge. We hosted 5 outside events, the ever popular Silo Slaughter, an awesome Halloween Party, and the nooners and ladies leagues kept rolling!

It's easy to lump all of our outside tournaments together and call them outside events. That's not always the case. Two of these "outside" events were truly special golf tournaments. The Shop with the Cop didn't feature a huge turnout but nearly \$2000 was raised for this fantastic cause that allows less fortunate kids to go Christmas shopping with a Bolivar cop. We hope to have 72 players next year in support of this much needed project.

A few days later we were part of a fundraising effort for Gary Jackson, a young man battling a brain tumor. His prognosis is not good (2-5 years) but he's fighting and people showed that there is still humanity among us. Many of the tourney winners donated cash prizes back to the family. Charlie Ankrom provided music during the auction following the golf. This great day concluded with over \$8000 being raised through sponsorships, player donations, and the auction. Keep fighting Gary. You have many friends and loved ones in your corner. We hope to be a part of your fundraiser for years to come.

Mulligans put on an awesome Halloween Party filled with activities for kids including pumpkin painting, crafts, and a movie showing in the UnderPar. Diners enjoyed a limited menu with themed drinks. Thank you Karen for organizing the event as well as Mike Zysk for his providing music. Congrats to Rick Rush and his date on winning the costume party prize!

- **FALL FIASCO-Saturday, November 10th @ 10:30am**

FROM THE PRO

Take the challenge to become a better player. This doesn't mean you have to spend countless hours on the driving range or putting green. Yes, that would help but you can become better by simply following these suggestions:

ON THE RANGE: Hit balls before a round to get loose. When warming up, start with a few wedge shots, maybe 6-10 or so. Move on to a mid iron and do the same. Possibly a few longer irons and then lastly the driver. Only hit about 5-6 drivers and you are good to go.

ON THE PRACTICE GREEN: Start with some short putts like 3-5 footers. Practice putts you can make as opposed to hitting 30-40 footers. Nobody likes to practice missing putts. If you want to practice long putts, don't putt to a hole. Putt to a spot.

ON THE COURSE: Make sure you are realistic. Don't try the miracle shot and just minimize the bad. You don't have to hit the ball perfect. Just good enough

When putting long putts, think make. Don't ever "just try to get it close". That 3 foot circle won't help. It's like shooting a gun. Aim small, miss, small.
